Activity Logistics

- Questions for discussion will be displayed on screen.
- Each small group should designate a **Scribe** and a **Spokesperson**.
- Scribe should record main ideas of group discussion and capture key takeaways.
- Spokesperson will present group's key thoughts to the larger group during each activity debrief.

Activity #1 – Priorities and Challenges Driving the NSDI

In small group breakouts, discuss and document thoughts and responses to the following questions:

(20 min) Discussion Questions:

- What are the national circumstances, priorities, and challenges driving the future NSDI?
- What global priorities and challenges should be considered?

(25 min large group debrief)

Activity #2 – Data Management and Dissemination

In small group breakouts, discuss and document thoughts and responses to the following questions:

(20 min) Discussion Questions:

- What are your thoughts on changing or expanding the National Geospatial Data Assets?
- What are the most effective methods to disseminate geospatial data to user communities?

(25 minute large group debrief)

Activity #3 – Partnerships and Collaboration

As a whole group, discuss and document thoughts and responses to the following questions:

Discussion Questions (30 minute):

- What are your thoughts on the roles the private, non-profit, and academic sectors play in the NSDI?
- How can your organization or sector support the process of establishing the next of the NSDI Strategic Plan?
