March 7, 2017

ISO Metadata Summit

- ❖ Goal: To engage the NSDI metadata community to identify recommendations for enabling interoperable ISO metadata that supports data and services
- ❖ May 24, 2017 - U.S. Geological Survey, Reston, VA
- ❖ Audience: federal and non-federal metadata practitioners
- ❖ Hands-on ISO metadata tool session on May 23
 - ❖ Geoplatform, EPA, potentially others
- ❖ Presentations, breakout sessions, and discussion to identify actions needed for agencies and community members to meet the goal
- ❖ For information and registration:
