

# CAP resources for standards

---

The Cooperative Agreements Program (CAP), which was discontinued in 2012, funded a number of projects that promoted standards development and implementation. This table provides summarizes information on CAP projects to support standards for 2008-2012.

| Year | Project title  | Award #    | Awardee  | Keywords                            |
|------|--|------------|--|-------------------------------------|
| 2008 | The National Vegetation Classification Standard: Implementation and Outreach for the State of Oklahoma                   | 08HQAG0032 | Coordination Solutions, Inc.   | Land use - Land Cover<br>Vegetation |
| 2008 | A Proposed Course and Modular Curriculum For FGDC Standards Adoption and Implementation                                  | 08HQAG0034 | Delta State University, Center for Interdisciplinary Geospatial Information Technologies | USNG                                |
| 2008 | Implementing the Standard for the U.S. National Grid   | 08HQAG0027 | North Carolina Center for Geographic Information & Analysis (CGIA)                       | USNG                                |
| 2008 | Outreach and training on the National Vegetation Classification system to support framework layer development in Montana | 08HQAG0033 | Montana Natural Heritage Program   | Land use - Land Cover<br>Vegetation |
| 2009 | Large-Scale Orthophoto Standards Development And Implementation  | G09AC00093 | Old Dominion University  | Imagery                             |
| 2009 | Development of Training Materials for NSDI Support Using Open Geospatial Consortium Standards                            | G09AC00092 | OGC Interoperability Institute   | Transportation                      |
